### Summary

The 10th UK Land Forum meeting will focus on LEGEND's learnings on **responsible land investment** and implications for **DFID's future programming on land**.

### Background

The first Forum meeting — held on 4 November, 2015 at ODI — concluded that the purpose of the Forum is to **provide a focus for debate, information and lesson sharing amongst UK stakeholders to inform DFID and wider UK policy and programming for strengthening of land governance and land rights protection**.

### Theme: Responsible Land Investment – reflecting on learnings from LEGEND-CLST and looking ahead to DFID's future programming on land

LEGEND-CLST will come to a close on December 31, 2019, bringing to an end five years of work to enhance land governance for economic development. The 10<sup>th</sup> and final UK Land Policy Forum provides an opportunity to reflect on key achievements and learnings, and openly discuss DFID's past, present and future programming around land.

The Forum will reflect on the most important findings from the past five years of the LEGEND programme, focusing particularly on progress on responsible land investment.

The half-day event will also allow policymakers, researchers, CSOs and private sector partners to find out more about DFID's future plans on programming around land, as well as a chance to debate on and feed into that process.
